

FEDERAL SPECIFICATIONS SOLUTIONS

Lumecon is the right lighting solution to meet any Federal Agency's goals. We have vast experience over the past 15 years in manufacturing and providing Made-In-The-USA LED Lighting Fixtures for nearly any application. We start by providing project design services, at no cost, to make sure even the toughest performance criteria is going to be met. We are well versed in current Federal UFC Standards, IES Recommended Practices and will ensure the correct light and output are specified for each application.

Lumecon has successfully partnered with Military Bases, VA Hospitals, the Federal Aviation Administration, Federal Properties both in DC and around the country as well as Municipalities of all sizes. We know what the job requires and will deliver a quality project; with a priority to exceptional service after the sale. Our customers demand it.
