

BASELINE

BY LUMECON

**DLC-Qualified LED Fixtures
with Custom CCT and Tunable
Wattages Now Available for
Immediate Shipment!**

Affordable Price Point

BASELINE SERIES leverages Lumecon's partnerships with key off-shore manufacturers, allowing customers to access high-quality lighting solutions at an affordable price point. Contact Lumecon today to learn more about BASELINE and how it can meet your lighting needs.

Why Choose Us

5-Year Warranty: Lumecon stands behind the quality and reliability of its products, offering a 5-year warranty on all BASELINE products.

Ready to Ship: We have a wide range of LED fixtures in stock and ready to ship, so you can enjoy fast and reliable delivery.

Customizable Options

Offering custom options, including tune-able k-temp, wattages, and advanced control features, allowing customers to tailor their lighting solutions to their specific needs.

Ideal for MUSH Segments:

Ideal for Municipal, University, School, and Hospital (MUSH) segments that require reliable and cost-effective lighting solutions that meet ROI/rebate requirements.

DLC® Qualified

BASELINE SERIES meets the high standards set by the DesignLights Consortium (DLC), ensuring top-tier energy efficiency, quality, and performance.
