

CANFIELD LED DECORATIVE POST-TOP

GLOBE

- Refractor and prismatic top feature a historically significant and Euro-styled uniqueness.
- Features precise prisms achievable only through injection molding.
- Prisms provide pleasing daytime “prismatic sparkle” and provide excellent uniformity, light distribution and efficiency for nighttime performance.
- Enhanced Thermal Dissipation System to provide maximum thermal dissipation.
- Two-piece prismatic acrylic globe construction to obscure points of light.
- 20 Year Non-Yellowing Globe Warranty

LED LIGHT ENGINE

- The Light Engine consists of an aluminum fitter mounting disk with universal design for the use in most fitters.
- Integrated LED circuit board, LED driver, and all wiring and hardware required for installation.
- The Light Engine height can be field adjusted vertically to accommodate various heights needed.
- DLC® qualified and ETL Listed to UL 1598 / 8750 and CSA 22.2 No. 250 for Wet Locations.
- 20kA / 40kV Extreme Surge Suppressor.
- 7-Pin Receptacle Ready for use with Wireless Control Systems (optional).
- Available in 2200K, 2700K, 3000K, 4000K and 5000K Color Temperatures.
- Preprogrammed Wattages available in 35W, 45W and 55W.
